ARTWORK TIPS

USE LOTS OF STRONG COLOUR FOR BEST RESULT!
(and not much white space)

Art and Photos for calendars and planners need to be landscape or they may be mounted sideways or there will be big white edges.

WRITE NAME & AGE CLEARLY and KEEP TEXT AWAY FROM THE EDGE

We print an exact copy of what appears in the name & age box.

COLOUR - USE LOTS OF IT!

Our products look great when lots of strong colour is used and the art paper is fully covered.

Paints, dyes and paper collage are an excellent way to get loads of colour on the page!

Most Art media are OK, but please note the following for the best results.

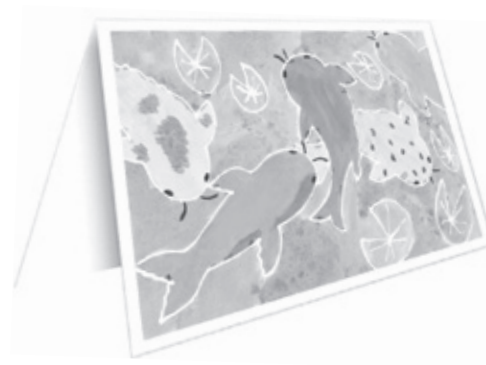

GOOD TO USE:

- ✓ Paints and Dyes
- ✓ Crayon
- ✓ Textas
- ✓ Paper Collage

NOT SO GOOD:

- ✗ Glitter/metallic colours (metallic coloured stars, etc)
- ✗ Fluorescent colours
- ✗ Lead and Light colouring pencils
- ✗ Photos from home printers

- Any marks in the drawing area may show on the final product
- Up to 5mm will be trimmed from inside the drawing area
- Don't fold, or crease the paper
